The New York Athletic Club intends to make a strong bid for first place honors at the Canadian championships, to be held at

it will not be for lack of representatives.

The course of the Club in making such a valiant effort to show the "Canucks" that we are their superiors at athletic games is highly commendable, and shows that there is the right kind of " stuff " in the N. Y. A. C. The team and the events in which it will be

so large. Among the athletes who will very likely represent the Cherry Diamond Club will be Goff, Nicoll, George, Conneff, Copeland, Harding and Turner. Few in numbers, but strong in ability. It looks as if the M. A. C. should take the hurdle, broad jump and distance runs. The half is more doubtful with Billings and Downs opposed to Turner. The New Yorks seem to have the sprints at their mercy as far as the M. A. C. is concerned. The 440, pole vault and weight-throwing lto.s as good as won by the N. Y. A. C. also, Neither team has any license to win the walk with Meek entered. That event looks like a gift for the Columbia A. C. man.

But for the fact that the baseball season, like the days, is rapidly growing shorter, the New Yorks might yet be within hailing distance of the leaders at the fallsh. The quite unexpected spurt of the Giants has brought them right up alongside with the Cincinnatis, Pittsburgs and Brooklyns. Boston looks to be the only club that has a chance to overhful the Cievelands. The Giants played at Washington yesterday, and the D. C. team was again casy game for them. It is now hip and tuck between the teams on either end of the big tricycle as to which will lose lifts. The team at the other end beat Philadelphia the second straight yesterday.
